Mr Paul West PO Box 1369 Milton QLD 4064

Dear Mr West

# Re: Application for making a Property Map of Assessable Vegetation on Lot 105 SP144215 - Gold Coast City Council – Confirmation of receipt

This is to advise you that the Department of Natural Resources and Water received the above application on 4 March 2009.

The Department of Natural Resources and Water will now check this application against the requirements for such applications under Division 5A of the *Vegetation Management Act* 1999 and Part 2 (4) of the *Vegetation Management Regulation 2000*.

The application will also be assessed by the Department to determine if the chief executive will agree to the making of the Property Map of Assessable Vegetation, in accordance with the Department's policy on Property Maps of Assessable Vegetation and Standard for Property Map of Assessable Vegetation Information Requirements. These documents are available for inspection of the Department's website at <<u>www.nrm.qld.gov.au</u>>.

Please note that this letter is not a development approval. Once the assessment process is complete, you will receive written notification of the decision on your application.

If there is an error in the property description or address details listed above or if you wish to discuss this matter further, please contact Melissa Cronk on telephone number 3884 5328 quoting the above reference number.

Yours sincerely

19 March 2009

Mr Paul West PO Box 1369 Milton QLD 4064

Dear Mr West

# Re: Certification of a Property Map of Assessable Vegetation on 105 SP144215 - Gold Coast City Council

This is to advise you that a Property Map of Assessable Vegetation (PMAV) has been certified—consistent with your agreement—by the Department of Natural Resources and Water (NRW) on 4 March 2009. A copy of the certified map is attached for your records.

This PMAV will replace the Regional Ecosystem (RE) map in determining whether an application is required to clear native vegetation on your property. That is, the PMAV determines the assessability of native vegetation on your property. The categories on the PMAV are described as follows:

- Category X shows an area where vegetation is not assessable.
- Categories 1, 2, 3 and 4 show areas where vegetation is assessable.
  - O Category 1 may contain 'endangered' remnant vegetation, areas unlawfully cleared, areas declared to be of high nature conservation value and/or areas declared as vulnerable to land degradation.
  - o Category 2 contains 'of concern' remnant vegetation.
  - o Category 3 contains 'not of concern' remnant vegetation.
  - o Category 4 shows an area on an agricultural and grazing lease, which was cleared before 31 December 1989 and does not contain remnant vegetation.

Category X shows the areas in which native vegetation can be cleared without approval under Queensland's vegetation management laws. Categories 1-4 show the areas in which a permit is required to clear native vegetation, unless the clearing is for an exempt activity.

Copies of the certified PMAV are attached for each registered owner listed on your original application form. These have been sent to you for distribution, as you are the nominated contact on the application form.

If a registered owner requires additional copies of the certified PMAV, they can be purchased at any Department of Natural Resources and Water Customer Service Centre.

If you wish to discuss this matter further, please contact Melissa Cronk on telephone number 3884 5328 quoting the above reference number.

Yours sincerely

Melissa Cronk Vegetation Management Administration

# Additional Information for Property Map of Assessable Vegetation (PMAV)

Vegetation Management Act 1999

# 1. Replacing a PMAV:

1.1. Under the *Vegetation Management Act 1999*, section 20D states when a PMAV map may be replaced by a chief executive. This is shown below:

# 20D When maps may be replaced

- (1) The chief executive may replace a property map of assessable vegetation for an area (the **previous area**) with a new property map of assessable vegetation.
- (2) The new map may apply to
  - (a) part or all of the previous area; or
  - (b) part or all of the previous area and another area.
- (3) Subsection (1) applies only
  - (a) if a matter mentioned in section 20B occurs in relation to an area mentioned in subsection (2); or
  - (b) to reflect a change to an endangered, of concern or not of concern regional ecosystem in an area mentioned in subsection (2); or
  - (c) for a matter other than a matter mentioned in paragraphs (a) and (b) if an owner of the land included in the map agrees to the replacement.

# 2. Revoking a PMAV:

2.1. Under the *Vegetation Management Act 1999*, section 20E states when a PMAV map may be revoked by a chief executive. This is shown below:

# 20E When maps may be revoked

- (1) The chief executive may revoke a property map of assessable vegetation for an area if
  - (a) for a map made under section 20B(1)(a) the area is shown on a regional ecosystem map or remnant map as remnant vegetation and the approval for clearing the area has expired; or
  - (b) for a map made under section 20B(1)(c) the area is shown on a regional ecosystem map or remnant map as remnant vegetation and the chief executive has been notified that the area is no longer subject to a native forest practice; or
  - (c) for a map made under section 20B(1)(d) the area is shown on a regional ecosystem map or remnant map as remnant vegetation and the chief executive responsible for administering the Forestry Act 1959 has advised that the State no longer has an interest in commercial timber in the area; or
  - (d) for a map made under section 20B(1)(e), (f) or (g) the area is shown on a regional ecosystem map or remnant map as remnant vegetation.

- (2) Also, the chief executive may revoke a property map of assessable vegetation made under section 20C(3) if the owner of the land agrees to the revocation.
- 2.2. Under the *Vegetation Management Act 1999*, section 20G states the procedures to be followed when revoking a PMAV map. This is shown below:

# 20G Owners to be advised of revocation of maps

If a property map of assessable vegetation is revoked, the chief executive must give each owner of the land that is included in the map written notice of the revocation and the reasons for the revocation.

PATION PER PROPERTY OF THE PRO

# QUEENSLAND LAND REGISTRY

### **GENERAL REQUEST**

Form 14 Version 4
Page 1 of 1

Land Title Act 1994, Land Act 1994 and Water Act 2000

**Duty Imprint** 

# **Privacy Statement**

Collection of this information is authorised by the <u>Land Title Act 1994</u>, the <u>Land Act 1994</u> and the <u>Water Act 2000</u> and is used to maintain the publicly searchable registers in the land registry and the water register. For more information about privacy in NR&W see the department's website.

Dealing Number

1. Nature of request

Vegetation Management Notice under the "Vegetation Management Act 1999"

Lodger (Name, address & phone number)
Environment and Resource Management
C/- Vegetation Management
PO BOX 864
IPSWICH Q 4305

Lodger Code 145

2. Lot on Plan Description

County

Parish

**Title Reference** 

105 SP144215

Ward

Mudgeeraba

50379641

# 3. Registered Proprietor/State Lessee

Boral Resources (QLD) Pty Limited A.B.N. 46 009 671 809

4. Interest

Fee Simple

#### 5. Applicant

Department of Environment and Resource Management, Ipswich

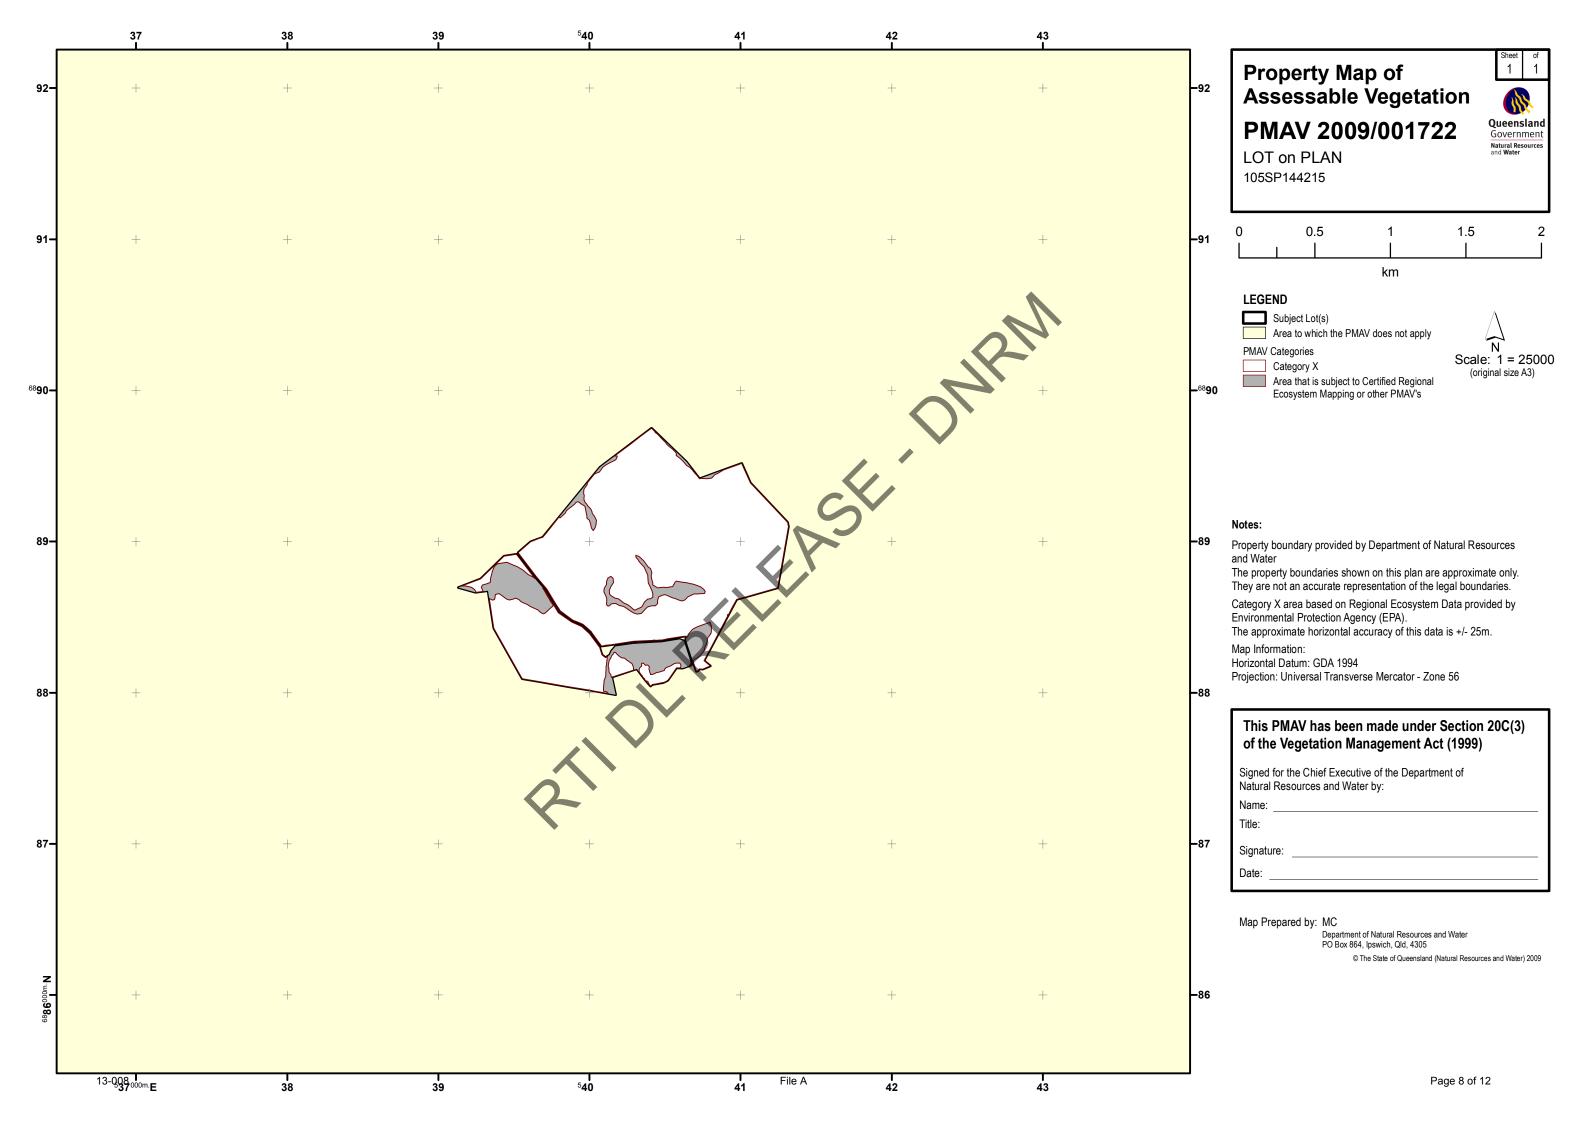

## 6. Request

I hereby request that: The Registrar of Titles note on the abovementioned Title/s an Administrative Advice that Property map of assessable vegetation No 2009/001722 has been made pursuant to Section 70B of the "Vegetation Management Act 1999"

## 7. Execution by applicant

Execution Date	Applicant's or Solicitor's Signature
1 1	

Delegate for the Director General, Department of Environment and Resource Management Note: A Solicitor is required to print full name if signing on behalf of the Applicant

1. Application information

- pp au - i - i - i - i - i - i - i - i - i -		
Applicant's name	Boral Resources	
Property description	Lot 105 SP144215	
Registered owner (from ATS)	Boral Resources	
Local government area	Gold Coast City Council	
Tenure type	F/H	
Application date	04/03/2009	
Department of Natural Resources	eLVAS - 2009/001722	
and Water (NRW) references	RecFind – IPS/011324	

### 2. Evidence

The following evidence was considered in the assessment of the application:

- custom VIN map
- internal current title search for each lot on plan
- PMAV application
- Department of Natural Resources (1998). A Guide to Land Tenure in Queensland. The State of Queensland, Department of Natural Resources, Coorparoo
- Vegetation Management Act 1999 (Qld) (VMA).

3. Findings

i mamge				
Regional ecosystem (RE) map current at date of	09/10/2008			
application				
All owners have given written consent to the making	$\square$ – Yes			
of the PMAV				
All lot on plans are freehold in tenure	⊠ – Yes			
Conflicting PMAV on property	$\square$ – Yes $\boxtimes$ – No			
Existing PMAV on property	$\square$ – Yes $\square$ – No			
Certified changes on property	$\square$ – Yes $\square$ – No			
The proposed category X area for the PMAV is	⊠ – RE map			
supported by a map provided by the applicant	– other map			
The boundary of the proposed category X area, as shown on the map provided				
by the applicant, corresponds to non-remnant vegetation shown on the relevant				
certified RE map				
The proposed category X area is consistent with the definition of a category X				
area that is contained in the VMA because the proposed category X area is an				
area:				
• in which clearing has occurred—evidenced by the proposed category X				

- in which clearing has occurred—evidenced by the proposed category X area being shown as an area of non-remnant vegetation on the relevant certified RE map
- that is not a category 1, 2, 3, or 4 area on a PMAV—evidenced by the absence of a certified PMAV over the proposed category X area
- that at the time of the making of the PMAV applying to the proposed category X are, the proposed category X area does not contain remnant vegetation—evidenced by the proposed category X area being shown as an area of non-remnant vegetation on the relevant certified RE map.

# 4. Recommendation to delegated officer

I recommend that the delegate to the chief executive should make the PMAV, and I have attached the PMAV should you choose to accept my recommendation.

49-Sch4 - Signature

Melissa Cronk

Administration Officer (Vegetation Management) – VM3 South East Region, NRW

06/03/2009

# 5. Delegated officer decision

I have read this assessment report and within the powers delegated to my position under the *Vegetation Management Delegation (No. 2) 2007*, I:

concur with the recommendation and will make the PMAV disagree with the recommendation as I consider that the findings do not support the recommendation.

Senior Vegetation Management Officer VMI South East Region, NRW
