**Importance:** High

Brett

Field trials were conducted at two properties across the State (Strathmore in North Qld and s.73 - Not relevant as part of the development of the framework for introduction of vegetation clearing opportunities for high value agriculture and irrigated high value agriculture.

The new vegetation management framework commenced yesterday and owner of Strathmore (Mr Scott Harris) has lodged his development application for clearing for high value agriculture with the State Assessment referral Agency (SARA, in DSDIP). The application has been referred to DNRM for assessment and advice and DNRM expects to provide its response to SARA no later than by COB Wednesday 4 December. I'm advised that officers from SARA have been in contact with Mr Harris about the process for making a decision on the application post receipt of DNRMs advice.

s.73 - Not relevant

Team please see DSDIP advice, all DNRM requirements supplied. Also attached NT Notification for your information. We now await the decision in early January. Mr Anderson has been advised by DSDIP of timeframes. We have done all we can to this point. Many thanks to all involved, especially Paul Horrocks and his Veg Team.

Cheers

Dear Mr Scott Harris

As part of the department's role as assessment manager for the development application, a native title assessment was undertaken to determine whether notification and opportunity to comment is required to be given to any relevant native title parties

under the Commonwealth *Native Title Act 1993* (i.e. procedural rights). It was determined that notification was required for this application, and letters have now been posted to the relevant native title parties (refer to copy of letters attached). Any comments from those native title parties in response to the notification are due to this department by **3 January 2014**.

At this time, the department's decision making period has stopped and will restart when the native title notification period is complete on **3 January 2014**, or a response has been received from the native title parties.

If you require any further information or clarification, please contact me on (07) 4048 1498 or via email, [joanne.manson@dsdip.qld.gov.au](mailto:joanne.manson@dsdip.qld.gov.au) and I will be pleased to assist.

Kindest regards
