Version 1

This is a template form and is not an approved form. You may complete the original of this form and submit with another approved form using **MyMinesOnline**.

Refer to the **Permit administration guide**, **Permit renewal guide** or any other Department guide for assistance. Please use a pen, and write neatly using **BLOCK LETTERS**. If insufficient space anywhere on this form, please attach a separate document.

This form is to provide written consent of all holders to an activity or transaction relating to the permit.

## 1. Name of holder(s)

Company name / surname:	Chongherr Investments Ltd		
Given names (if individual):		ACN/ARBN:	52 054 161 821
Company name / surname:			
Given names (if individual):		ACN/ARBN:	
Company name / surname:			
Given names (if individual):		ACN/ARBN:

## Renewals – initial assessment

Complete the initial assessment using the form below.

Enter permit type and number

EPM11005

MILESTONE: Application accepted/rejected		Record in working notes when complete along with date of completion	
Comments			
1.	Has the rent been paid to date?	Yes	Check MERLIN for the current rental status. If <b>No</b> , recommend refuse to receive application.

Select a response from the drop down menu. Provide comments where necessary.

2. Run an advanced intersect report in MinesOnlineMaps.

MILESTONE: Land availability		Record in working notes when complete along with date of completion	
Layers	Yes/No/N/A	Summary/Remarks	
Authority to Prospect (Applications)	No	ATP No:	2T
Authority to Prospect (Granted)	No	ATP No:	2T
Potential Commercial Area Granted	No	PCA No:	2T
Potential Commercial Area Application	No	PCA No:	2T
Petroleum Lease Application Administered under the PA1923 Administered under the P&G Act	No	PL No:	2T
Petroleum Lease Granted Administered under the PA1923 Administered under the P&G Act Chapter 3, Part 2, Division 2 Chapter 3, Part 3, Division 3	No	PL No:	2T
Petroleum Lease Granted under Chapter 3, Part 2, Division 2	No	PL No:	2T
Petroleum Lease Granted under Chapter 3, Part 3, Division 3	No	PL No:	2T
Petroleum Facility Licences Application	No	PFL No.	2T

Petroleum Facility Licences Grant	<b>No</b>	PFL No.	2T
Mining Lease Application	<b>No</b>	ML No:	2T
Mining Lease Granted	<b>Yes</b>	ML No:	50016, 50213, 50199, 7246, 50007
Mineral Development Licence Application	<b>No</b>	MDL no:	2T
Mineral Development Licence Grant	<b>No</b>	MDL no:	2T
Unavailable Land	<b>Yes</b>		Lockyer National Park
Constrained Land	<b>Yes</b>		Lockyer Regional Park
Restricted Areas Schedule 3 of the Mineral Resources Regulation	<b>Yes</b>		RA384 TO PROHIBIT THE APPLICATION FOR OR GRANT OF ANY NEW MINING

<b>MILESTONE: Other dealings that may affect approval</b>		<b>Record in working notes when complete along with date of completion</b>	
<b>Comments</b>			
<b>3.</b>	Are there any conditions imposed on grant/or a previous renewal that should be taken consideration on the assessment of the application for renewal?	<b>Yes</b>	<i>If yes, please talk to your decision maker before completing this task. Refer to the Notes section in this checklist document.</i> <b>Sterile Land 2768 - Lockyer National Park</b>  <b>Any current Mining Claim, Mineral Development Licence or Mining Lease at the time of lodgement of this permit pursuant to Section 132 of the Mineral Resources Act 1989.</b>
<b>4.</b>	Is there a non-compliance action pending?	<b>No</b>	<i>If yes, approval should not be given until a decision on the non-compliance action has been reached. Refer to the Notes section in this checklist document.</i>
<b>5.</b>	Is there an application to add excluded land (AEL) pending which requires a native title process?	<b>No</b>	<i>If yes, transfer can't be approved until AEL is granted or abandoned. Refer to the Notes section in this checklist document.</i>
<b>6.</b>	Is there assessable transfer application pending?	<b>No</b>	

7.	Are there any outstanding administrative actions?	No	<i>For example, variations, relinquishments.</i>
----	---	----	--

**Final comments** (including details of Constrained land, ILUA, Wild Rivers and RAs)

Application can proceed to assessment

## Notes

- For a **Mining Lease (ML)** that is subject to a condition that the holder is not entitled to have the mining lease renewed, the applicant will lodge a statement outlining detailed facts and circumstances as to why it should be renewed. If you have concerns with the statement please talk to your manager.
- If the Minister has given a direction for the holder of the **Authority to Prospect (ATP)** to apply for a Petroleum Lease (PL), you need to confirm this by checking the permit activity report or the relevant file.
- The initial assessment can't be completed for the permit if the following are pending:
  - Non-compliance action
  - Add excluded land
  - Assessable transfer.
- If above is applicable, provide a status summary within the additional information section in MMOL (e.g. Add excluded land - being notified under RTN or non-compliance action pending), save and close the task.

## JUSTIFICATION TO SUPPORT LATE LODGEMENT OF RENEWAL

Chongherr Investments Ltd have recently gone through several staff changes including the person responsible for monitoring and maintaining the mining tenements for the project. As a result of this staff change the requirement to lodge the renewal application at least three months prior to the expiry of the current term was inadvertently overlooked.

In order to ensure that technical breaches such as this do not occur in the future, Chongherr have decided to transfer authority for mining tenement maintenance to Hetherington Exploration and Mining Title Services (QLD) Pty Ltd (HEMTS QLD). This will ensure that all future statutory obligations for the project tenements will be attended to in the required timeframes.

During the last few months the technical and geological resources of the company have been concentrating on working towards preparation of the proposed Mining Lease applications. The combination of this work and the recent staff change overs explains the reasons for lodging this application within the three month period prior to the expiry date.

Chongherr apologises for this oversight however the company would like to stress the importance of the acceptance of this renewal application by the Minister. Failure to accept this renewal application will result in Chongherr losing security over this essential piece of ground which is required for extensions to the existing Mining operation.

## Renewal Application (ID 114943) - COMPLETE

Lodged on: 12/01/2015 09:48 AM

### PERMIT DETAILS

<b>Permit no:</b>	EPM 11005	<b>Resource type:</b>	Mineral or Coal

DNRM RTI/D Release

## RENEWAL DETAILS

Renewal term:	5 years
---------------	---------

## HOLDER OBLIGATIONS

All statutory reporting obligations have been provided for under the conditions of the grant for this permit:	Yes
Have all required rental payments been made?	Yes
A completed royalty return has been lodged and any royalties have been paid:	Not Applicable
All local government charges and penalties (where applicable) have been paid:	Not Applicable
Have all security payments been made?	Yes

## LAND INFORMATION DETAILS

Do you intend to relinquish any of the permit area required by the date of expiry of the current term of this permit?	No
---	----

## NATIVE TITLE

Will this renewal application result in a change to the permit term or conditions from those originally granted?	Yes
Is a native title process required?	No native title process required as I have determined that less than 10% of the area is native title and does not include a whole sub-block. I understand that the area subject to native title will be excluded from the permit area.
Is the applicant obliged to start a new native title process?	If, after assessment, the permit area is confirmed to be more than 90% exclusive of native title then the permit may be renewed without further reference to native title. This is based on the declaration that the holder(s) will abide by all native title protection conditions and that any area subject to native title will be excluded from the permit.

DNRM RTI DL Release

**OBLIGATIONS HISTORY STATEMENT TO SUPPORT APPLICATION FOR RENEWAL  
OF EPM 11005**

**REPORTING**

All annual reports and expenditure statements have been submitted direct with the Department of Natural Resources and Mines.

**RENTAL PAYMENTS**

The rental payment for EPM 11005, for the period 12 March 2014 – 11 March 2015, has been made.

**ROYALTY RETURNS AND PAYMENTS**

Royalty and statistical returns are not applicable for the EPM.

**LOCAL GOVERNMENT RATES AND OTHER CHARGES**

Rates are not applicable for the EPM.

DNRM RTI DL Release

## Proposed Work Program - EPC, EPM, EPS & MDL

### Summary Totals

This sheet is a "read only" summary of all of the proposed work program activities for the permit, the subject of your application. The detailed exploration activities need to be input using the 'Activities' worksheet. You will need to input the various activities to be undertaken under each of the disciplines.

#### Summary Totals - Years 1-3

Desktop Studies	Days	N/A	\$
Drilling	Holes	Meters	\$
Feasibility Studies	Days	N/A	\$
Geophysics	Lines	Line Kilometres	\$
Mapping	Days	N/A	\$
Remote Sensing	Lines	Line Kilometres	\$
Resource Evaluation	Days	N/A	\$
Sample Analysis	Days	N/A	\$
Sample Collection	Samples	Kilograms	\$
Site Logistics	Days	N/A	\$
Site Technical	Days	N/A	\$
<b>Sub-total</b>			<b>\$</b>

#### Summary Totals - Years 4-5

Desktop Studies	Days	N/A	\$
Drilling	Holes	Meters	\$
Feasibility Studies	Days	N/A	\$
Geophysics	Lines	Line Kilometres	\$
Mapping	Days	N/A	\$
Remote Sensing	Lines	Line Kilometres	\$
Resource Evaluation	Days	N/A	\$
Sample Analysis	Days	N/A	\$
Sample Collection	Samples	Kilograms	\$
Site Logistics	Days	N/A	\$
Site Technical	Days	N/A	\$
<b>Sub-total</b>			<b>\$</b>

# Activities Worksheet

In this worksheet, you need to input the exploration activities that will be performed for each year of the term of your permit. The columns with a white background require selection of an item from a pick-list (although you can 'copy and paste' multiple items in the same column) and the light blue columns require the input of numbers. All information input to this table will automatically be calculated in the 'Summary Totals' and 'Yearly Totals' worksheets.

**First year of new term:**

1

					Quantity (cumulative)		
					Number	Description	Expenditure
1	Desktop Studies			Days		N/A	
2	Desktop Studies			Days		N/A	
2	Drilling	s.73 - excluding confidential information		Holes		Metres	
3	Drilling	s.73 - excluding confidential information		Holes		Metres	s.73 - excluding confidential information
4	Drilling			Holes		Metres	
5	Drilling			Holes		Metres	
	14-303			File A			20 of 28

## Proposed Work Program - EPC, EPM, EPS & MDL Yearly Totals Summary

This sheet is a "read only" summary of all of the proposed work program activities (by year) for the permit, the subject of your application. The detailed proposed work program information needs to be input using the 'Activities' tab at the bottom of this worksheet. You will need to input the various activities to be undertaken under each of the disciplines.

The following (five) tables provide the summary information for each discipline, for each year of the work program.

### Year 1

Desktop Studies	Days	N/A	\$
Drilling	Holes	Metres	\$
Feasibility Studies	Days	N/A	\$
Geophysics	Lines	Line Kilometres	\$
Mapping	Days	N/A	\$
Remote Sensing	Lines	Line Kilometres	\$
Resource Evaluation	Days	N/A	\$
Sample Analysis	Days	N/A	\$
Sample Collection	Samples	Kilograms	\$
Site Logistics	Days	N/A	\$
Site Technical	Days	N/A	\$
<b>Sub-total</b>			<b>\$</b>

### Year 2

Desktop Studies	Days	N/A	\$
Drilling	Holes	Metres	\$
Feasibility Studies	Days	N/A	\$
Geophysics	Lines	Line Kilometres	\$
Mapping	Days	N/A	\$
Remote Sensing	Lines	Line Kilometres	\$
Resource Evaluation	Days	N/A	\$
Sample Analysis	Days	N/A	\$
Sample Collection	Samples	Kilograms	\$
Site Logistics	Days	N/A	\$
Site Technical	Days	N/A	\$
<b>Sub-total</b>			<b>\$</b>

### Year 3

Desktop Studies	Days	N/A	\$
Drilling	Holes	Metres	\$
Feasibility Studies	Days	N/A	\$
Geophysics	Lines	Line Kilometres	\$
Mapping	Days	N/A	\$
Remote Sensing	Lines	Line Kilometres	\$
Resource Evaluation	Days	N/A	\$
Sample Analysis	Days	N/A	\$
Sample Collection	Samples	Kilograms	\$
Site Logistics	Days	N/A	\$
Site Technical	Days	N/A	\$
<b>Sub-total</b>			<b>\$</b>

### Year 4

Desktop Studies	Days	N/A	\$
Drilling	Holes	Metres	\$
Feasibility Studies	Days	N/A	\$
Geophysics	Lines	Line Kilometres	\$
Mapping	Days	N/A	\$
Remote Sensing	Lines	Line Kilometres	\$
Resource Evaluation	Days	N/A	\$
Sample Analysis	Days	N/A	\$
Sample Collection	Samples	Kilograms	\$
Site Logistics	Days	N/A	\$
Site Technical	Days	N/A	\$
<b>Sub-total</b>			<b>\$</b>

### Year 5

Desktop Studies	Days	N/A	\$
Drilling	Holes	Metres	\$
Feasibility Studies	Days	N/A	\$
Geophysics	Lines	Line Kilometres	\$
Mapping	Days	N/A	\$
Remote Sensing	Lines	Line Kilometres	\$
Resource Evaluation	Days	N/A	\$
Sample Analysis	Days	N/A	\$
Sample Collection	Samples	Kilograms	\$
Site Logistics	Days	N/A	\$
Site Technical	Days	N/A	\$
<b>Sub-total</b>			<b>\$</b>

## PUBLIC INTEREST STATEMENT

Several stakeholders need to be considered when addressing the issue of public interest and the renewal of EPM 11005.

1. Chongherr will continue with the obligations and commitments of the Code of Environmental Compliance for Exploration and Mineral Development Projects into the new term. This means that the Landholders will have their property protected and rehabilitated (in the event that rehabilitation is required) to appropriate standards.
2. Exploration and mining activities on the project area will provide a boost for the local economy, both from the direct employment of local people, and for the local businesses that will provide goods and services in support of the exploration programmes.
3. In the event of a successful exploration programme and expansion of the existing mining operation within the project area, the State of Queensland would be a direct beneficiary, both from the royalties which would be payable on the commodities produced, and from the additional contribution the operation would make to the economy of Queensland.
4. There will be no adverse effects on the environment from the Project. Chongherr is committed to maintaining highest standards of environmental management whilst it is operating the Project area.
5. The site is relatively remote from any built up areas. Therefore there will be no significant impacts on highly populated areas with respect to noise, dust or visual amenity.

# RENEWAL JUSTIFICATION STATEMENT

## INTRODUCTION/BACKGROUND

The information in this report is to support an application by Chongherr Investments Ltd (Chongherr) to renew EPM 11005 for a further term of five years from 12 March 2015 to 11 March 2020 with retention of all currently held sub-blocks for the entire five year renewal term.

EPM 11005 was granted to Chongherr (formerly known as Australian Sandstone Industries Limited) on 12 March 1996 for a period of two years. Renewal applications have been lodged and approved to grant further extensions until 11 March 2015. The below table shows the current tenement area:

**Table 1. Current Tenement Area**

BLOCK	SUB-BLOCKS
BRIS3050	A,B

Chongherr Investments Ltd (Chongherr) have owned and operated the Montgomery Quarry mine since 1994. Mining activities under the authority of ML 50016 commenced on site around that time. EPM 11005 was applied for to explore for and define additional sandstone resources outside the boundary of existing ML 50016. Exploration activities previously conducted under the authority of EPM 11005 have been successful and resulted in the application for ML 50213 which was applied for in November 2004 to secure sandstone resources immediately adjacent to existing ML 50016. s.73 - excluding confidential information

s.73 - excluding confidential information

s.73 - excluding confidential information

s.73 - excluding confidential information

As a result Chongherr are currently in the process of preparing one or more mining lease applications (MLA's) s.73 - excluding confidential information It is expected that these MLA's will be lodged with DNRM sometime during the first quarter of 2015. In order to proceed with this proposal it is essential that Chongherr lodge a renewal application for EPM 11005 in order for the tenement to remain in good standing as a prerequisite for the proposed MLA's.

s.73 - excluding confidential information

## SUB-BLOCK RETENTION REQUEST

Pursuant to Section 141C of the *Mineral Resources Act 1989*, Chongherr Investments Ltd hereby requests the Minister's consent to retain the 2 currently held sub-blocks in EPM 11005 for the five-year period from 12 March 2015 – 11 March 2020. These sub-blocks are tabulated above (Table 1).

In support of this variation request:

- Exploration activities conducted under the authority of EPM 11005 have identified economic sandstone resources s.73 - excluding confidential information

- 

s.73 - excluding confidential information

- 

s.73 - excluding confidential information

- At this point in time it is expected that the proposed MLA's will cover the majority of the remaining areas of EPM 11005. As such it is essential that both remaining sub-blocks be retained in EPM 11005 during the renewal term.

- 

s.73 - excluding confidential information

- It is essential that both remaining sub-blocks in EPM 11005 be retained pending grant of the soon to be lodged MLA's.

DNRM RTI DL Release

# WORK PROGRAM RATIONAL

## **BACKGROUND**

The information in this report is to support an application by Chongherr Investments Ltd (Chongherr) to renew EPM 11005 for a five year period from 12 March 2015 to 11 March 2020 with retention of all currently held sub-blocks for the five year renewal term.

The below table shows the current tenement area:

**Table 1. Current Tenement Area**

<b>BLOCK</b>	<b>SUB-BLOCKS</b>
BRIS3050	A,B

## **EXPLORATION SUMMARY**

EPM 11005 was originally granted to Chongherr (formerly known as Australian Sandstone Industries Limited) on 12 March 1996 for a period of two years. Since that time DNRM have approved several renewal applications. The tenement is currently due to expire on 11 March 2015. Chongherr holds EPM 11005, EPM 18112, ML 50016 & ML 50213. Together these tenements form the Montgomery's Quarry project.

The EPM was first applied for to enable exploration for sandstone (building/dimension stone), which was known to be present in the area. ML 50016 has been in operation as a sandstone mine since 1992.

Since 1996, EPM 11005 has been explored to locate mineable sandstone resources, additional to the resource in ML 50016. Exploration (geological mapping; wide-spaced drilling) has already shown that prospective sandstone is present in both sub-blocks of the tenement.

The sandstone resource in ML 50213 (granted on 7<sup>th</sup> December 2006) was identified by successful previous exploration within and under the authority of EPM 11005. Exploration on EPM 11005 has continued since renewal on 12<sup>th</sup> March 2009, and the holder has essentially met expenditure conditions during the current term.
