Dear Sir/ Madam,

**Re: Letter of authority to complete permit transactions**

I authorise Dan O'Brien to undertake the responsibilities of the Authorised Holder Representative (AHR) described below, in relation to any permit applications or granted permits held by the Company.

I provide this authority for the duration of the application process and if granted permits remain current.

I acknowledge that any requirements I may have for the Authorised Holder Representative to see my approval before undertaking their responsibilities are my responsibility to arrange and manage independently of this Letter of Authority.

I agree if there are changes to this authority, or there are changes in the ownership of the application/s, or resulting permit/s. I will complete a new Letter of Authority and submit it to the General Manager, Mining and Petroleum Operations.

**Authorised Holder Representative (AHR) responsibilities**

The AHR listed above has my explicit authority to undertake the following activities and transactions with the Queensland Department of Natural Resources and Mines (The Department) in relation to the permits listed above.

1. Completing and lodging the permit related applications.
2. Responding to requests for information from the Department relating to the permit application, or if granted, the permit.
3. Being the registered point of contact for application and permit notices, letters or other interactions and transactions.
4. Completion and submission of notices, reports, letters and other information or communication required to be completed by the Department
5. Completion and submission of transactions throughout the active life of the permit (if granted)
6. Granting access to the Department's MyMinesOnline computer system to other people to have the ability to perform AHR responsibilities and any other responsibilities required in relation to the permits including the ability to grant additional access.

I understand and agree with the delegation of my authority to the nominated AHR in relation to the permit application and subsequent permits (If granted) as defined in this letter.

## File Note

---

**DATE:** 13 May 2014  
**FROM:** Rebecca Youngberry  
**SUBJECT:** Notice to progress – EPM 19424

---

A Notice to progress was sent to the registered address for EPM 19424 on 18 February 2014. No response had been received, application listed for rejection.

I called the holder on 13 May 2014 to confirm that payment of NT advertising fees had not yet been paid, and was advised that the tenure had recently been sold.

I was given contact details for Dan O'Brien Contrary to public interest and called him at approx. 9:50am on 13 May 2014, left a message on his answering service asking him to return my call as soon as possible.

Dan called at approx. 11am on 13 May 2014 to advise that they had not received the notice to progress, and that they certainly did not intend for the application to be rejected. He is forwarding a cheque for payment of the NT advertising fees today, and will be making application for transfer of EPM 19424 and EPM 25239 via the MMOL system.

*NT advertising fees paid on 23/5/14.  
Progression through NT process  
now commenced. 11

The Technical Assessment Checklist provides technical advice to the Delegated Authority on whether an application should proceed to grant. It offers a recommended course of action only and as such it should not be viewed as an approval document. All references to sections are references to the *Mineral Resources Act 1989*.

TECHNICAL ASSESSMENT CHECKLIST, COMMENT & RECOMMENDATIONS		Y, N OR NA
APPLICATION SPECIFIC CHECKLIST		
Non-contiguous Sub-blocks	The application can proceed over non-contiguous sub-blocks.	
Area in Excess	The application can proceed over an area in excess of that prescribed?	
Statements	Is the information provided in the statements (required by s133(g) and (h) sufficient?	
Program of Work	Can the proposed program of work be approved in accordance with section 137(3) having regard to section 137(3A)?	
Conditions	Are there sufficient grounds to recommend the Minister impose conditions at grant?	
Suitability of Applicant	There are sufficient grounds to recommend against grant under section 137(4) or 137(5) of the <i>MRA 1989</i> .	

Possible Grant Over Existing Tenure	Are there sufficient technical grounds to recommend under section 132(1) of the MRA 1989 that the tenure may be granted over other existing grants and applications for tenure under the Act?	
Variation of Relinquishment Requirements	There sufficient technical grounds to support the recommendation of non-standard relinquishment requirements? (either s139(3) or s140(1))	
Other Technical Matters	Are there any other technical matters that need to be raised?	

**RECOMMENDED STANDARD ADVICE IN LETTER OF OFFER**

Compliance with the approved work program and expenditure commitments of this exploration permit is a condition of grant of this tenure. Failure to comply with this requirement will be taken into account in the assessment of any application for the renewal of this tenure and may also result in the cancellation of this tenure. Should exceptional circumstances mean that you are unable to reasonably meet these requirements, you are advised to seek a variation of these conditions as soon as you become aware that possible non-compliance is likely.

Other Advice

**SIGN-OFF**

A technical assessment of the information supplied with this application has now been completed and it is recommended that the application proceed toward grant subject to any proposed terms and conditions listed above. *Print file, sign-off, forward to Tenures Management*
