Hi Kathryn,

Those two grey ones to [sch] are a result of an accrual error however you will notice the average over the three months comes out correct. As for the export these figures are correct, it's a brutal export market especially for thermal coal so unfortunately that's the best we can do.

Thanks,

[sch4p4] +61 (0) 7 4990 1624

Subject: RE: Query : FW: Coal Board Return

Hi [sch]

Below is the data I have entered - the shaded yellow line entries for export look a little low; and some of the domestic prices look high. The two shaded grey line entries have quite a variance for domestic sale to the same company.

The Coal Unit is reviewing all production and sales data - I am querying in the first instance (pre-empting) so that I have responses to any questions that may arise.

If prices per tonne (AUD) are correct please confirm by return email. Your email will be saved to file.

Please call if you would like to discuss or clarify.

sch3(8)(1) Information disclosure of which would found action for breach of confidence

Regards

Kath

Subject: RE: Query : FW: Coal Board Return

Hi Kath,

Can you please elaborate on which prices seem low?

Hi [sch] how are you?

Could you please review the S value you have provided? Some of the prices per tonne seem very low.

Many thanks

Kath

Thanks [sch]

Any chance you could provide in Excel? Much easier for me to cut-and-paste the majority of the sales data - less errors too ☺

Cheers

Hi Kath,

Attached is the return for Q2. I've used the old template as I don't understand what changes were made in the new one you sent through? The old one already provides freight and cartage? If you'd like me to alter anything please let me know.

Thank you,
