- Former head of Strategic Policy currently with James Cook University looking at Regulatory Development issues.
- Issues around IFED
 1. Equity of allocation discussion (fear in the community)
 2. Supply – requires government leadership. Certainty is also needed to stimulate investment
 3. Tree clearing (vegetation management) on local and regional land use planning.
- These issues are linked and must work together.
- Potential to use current Water Act
- 3rd Party facilitator of the issues?
- IFED: raised questions about viability, and equity water issues.
- Development Coordination is needed
 1. State Level Coordination either through DSD or 3rd Party with DSD Support
 2. Bilateral agreement needed. Most states have agreed however feds are fighting to keep power.
 3. Will need pushing from Min at federal level
- How do we make it physically happen? Dale has an idea for the Cape
- RDA → good relationship w Dept: Policy and investment
- Co-located with State Development, work closely and want to get back to previous model (infrastructure, major projects)

INFORMATION/ADVICE:

- Reedlodge Pty Ltd owns freehold land described as Lot 78 on Plan SP136292 located in central Mareeba.
- The company intends to develop a retail shopping complex on the site, however more land is required in order to [REDACTED] s78B(2)
- On 8 August 2014, the Department of Natural Resources and Mines (DNRM) received applications from Girgenti Lawyers on behalf of Reedlodge Pty Ltd proposing to simultaneously acquire part of four separate lots currently held by the Queensland Government.
- These four lots are:
 - Lot 79 on Plan SP136292, perpetual lease to Department of Transport and Main Roads (DTMR)
 - Lot 201 on SP129905, perpetual lease to DTMR
 - Lot 231 on SP129908, perpetual lease to DTMR
 - Lot 20 on NR7137, Reserve for Local Government and Aged Persons Home purposes with Mareeba Shire Council (the council) appointed as trustee.
- On 8 September 2014, Girgenti Lawyers was advised by DNRM that it would need to liaise directly with DTMR regarding acquisition of part of lots 79, 201 and 231.
- DNRM also advised Girgenti Lawyers to liaise with the council as trustee of Lot 20 on NR137 to gain its support for partial revocation of the reserve.
- Girgenti Lawyers advised that through its discussion with the council, an outcome in its favour is not expected and it was requested that the delegate of the Minister under the *Land Act 1994* (the Act) revoke the reserve as it is their position that the land is not needed for a community purpose.
- DNRM officers sought advice from the council on numerous occasions with the council confirming its decision to not relinquish part of the reserve as that land is still required for its dedicated purpose.
- The council is of the view that the land subject to the application, while vacant currently, could be utilised for its allocated purpose in the future. The council considers that the land has strategic planning value due to its proximity to important transport corridors.
- After consideration of the advice from the council as trustee and the provisions of section 33 of the Act (which relates to the Minister revoking a reserve), DNRM has determined there are insufficient grounds to revoke part of the reserve.
- Girgenti Lawyers will receive written advice of the decision made on 28 April 2015.

Subject: URGENT INFORMATION REQUEST: Mareeba Retail Shopping Centre
Importance: High

Hi Claire,

May I please request the following information urgently (**by COB today**) for the Minister's trip to Mareeba tomorrow.

- The land in question is over part of Lot 20 NR7137.
- The department has previously written to the applicants (Departmental Reference 2014/006215) regarding an application to purchase the land and have the parcel joined to a neighbouring lot to allow development.
- Parcel sits between 2 rail corridors. Seen as surplus to requirements and applicants wish to construct retail shopping centre
- It is understood that there is a lack of support from the local government

- May I please have information on all relevant information the Department holds on this particular matter.
- The history of the application process, future steps/applications required and associated timeframes
- Any objections received, and the rationale of the local government's position
- Any information on the applicants that the Department holds
- A map of the location of the particular parcel of land

Gillian, if I have missed anything of note or have made an error, please let myself and Claire know.

Regards,

Simon
